Winter Storm Preparations

- Equipment has been serviced.
- Contractors for snow removal have been secured.
- Plow operators will arrive when the snow begins.

Division of Responsibility

- Please remember that residents are responsible for snow removal on their own decks, patios and porches.
- Additionally, residents are reminded that they are responsible for and must remove snow and ice from outside furnace and appliance vents, heat pumps, condensing units and generators. Proper air flow is needed for the safe operation of gas furnaces, generators, heat pumps, condensers and appliances and blocked vents may lead to toxic fumes and a dangerous build-up of carbon monoxide inside the home.

Trash and Recycling Delay

There will be a one-day delay in trash and recycling pick-up by our contractor, All Waste. All Waste will be closed Monday, January 26 due to the snow storm.

- Thursday (1/29) pick up will be Friday (1/30)
- Friday (1/30) pick up will be Saturday (1/31)

Please do not put out bulk trash items over the weekend. Grounds staff are not available for pickup during this time, and items left on the roadside pose a significant hazard to snow removal equipment.

Thank you.
