

2026
Your Table Awaits...

Joe Samolis
General Manager

I am especially excited about what is in store for our Clubhouse Restaurant in the coming year. We reopen today, January 21. The entire downstairs Dining Room is updated to match to the more stylish, contemporary and functional design of the Pub area. I invite all of you to come in and see what our staff and contractors have been able to accomplish in a remarkably short period of time.

Just as exciting is our recent hire of Jenna Cirikovic as our Front of House and Events Manager. Jenna brings years of experience to the Clubhouse, shaped by her time in both Manhattan's high-end dining scene and in family-owned restaurants in Connecticut.

In her new post with us she will oversee all guest-facing operations and staff. She is looking to ensure a welcoming experience for all of our patrons. This ranges from managing reservations and greeting guests, to training servers and coordinating efficient service with the Back of House (the Kitchen). Jenna also plans to bring more consistent marketing efforts to increase our profitability. Through social media, networking and website updates, she will actively promote holiday and special menu events for the Pub and Dining Room. With these endeavors she anticipates more private events in the Heritage Room. To that end, she is spending her first few months lining up local vendors as additional resources to bring added talent and excitement to any celebration.

If part of your New Year planning includes a major event for your family or your organization and you want to secure the Clubhouse as a venue, you can reach Jenna at restaurant@farmingtonwoods.com or at 860-673-2419 ext.73.

These changes and enhancements are just the beginning of another successful year in our wonderful community. May it be filled with peace, progress and meaningful connections. From all of us in the office and on staff:
