

Dear Fellow Members,

We hope you had a special Thanksgiving holiday and are looking forward to a festive holiday season!

Farmington Woods golf membership is 269 strong as we wrap up the 2024 season. As you know, satisfied members share their experience at Farmington Woods with golfing friends and colleagues. Your referrals have been a primary source of new members joining us this year, and we thank you for "spreading the word."

Continuing and increasing the success of our golf club is critical and one of the reasons we solicited feedback about your experiences through our Member Survey. We thank the 161 members (an impressive 60% of our membership) who provided their feedback on 11 focused areas of the golf membership with over 350 comments.

The Golf Committee reviewed and is analyzing your input so that we can develop initiatives and take actions that will further improve your membership experience in 2025. We expect to share the results of those efforts by early April.

As your elected Golf Committee, we will continue to do our part to contribute to member satisfaction and the success of Farmington Woods Golf Club and do so with the guidance and support of our General Manager, Joe Samolis.

- We appreciate the work and time invested by the following Golf Committee members who are completing their two-year term and thank them sincerely:
 - John Callahan
 - Paul Beach
 - Tony Trivella
 - Guy Tangarone

You recently elected the following golf members to serve a two-year term beginning January 1, 2025:

- Jeff Alexander
- Wally Crumb
- Kevin Donohue
- Ken Savino
- Jake Kawiecki – Re-elected

These gentlemen will join Peg Watson, Mike Darr, Greg Deschamps and Phyllis Butler who are in the second year of their term as Golf Committee members.
